DETERMINATION OF U.I. CONTRIBUTION RATES PURSUANT TO KRS 341.270

The RATE SCHEDULE printed on this notice is the schedule under which all contribution rates have been determined for the calendar year listed on the front of this notice, except for those contract construction employers assigned unique rates in accordance with KRS 341.272.

The COMPUTATION DATE for determining rates is defined by KRS 341.270(5) (e) as July 31 of the calendar year prior to the effective date of the new rate.

RESERVE BALANCE is the net balance of contributions credited to your account as of the computation date less benefits charged through June 30 immediately proceeding the computation date. A "DB" symbol following your reserve balance indicates a deficit balance. If you are a successor, your reserve balance includes contributions credited and benefits charged to your predecessor.

TAXABLE WAGES covers the 3 fiscal year period (12 calendar quarters) ended as of June 30 immediately preceding the computation date. If you are a successor, the taxable wages paid by your predecessor during this 3 fiscal year period are included in your rate computation.

RESERVE RATIO is the percent obtained by dividing your taxable wages into your reserve balance. If your balance is a deficit, your reserve ratio will be negative.

RATING FACTORS designated by the letters "A", "B", "C", "D", "U", or combinations of these letters printed immediately following RATING FACTORS on the front of this notice, explains the basis of your rate determination and your eligibility for making a voluntary payment to reduce your rate. If your rating factors are:

"A" Your rate has been determined by your reserve ratio. You are not eligible to consider a voluntary payment.

"A-D" Your rate has been determined by your deficit reserve ratio. You are eligible to consider a voluntary payment.

"A-C" Your rate has not been determined by your reserve ratio because you failed to file a contribution report for at least one quarter in the 3 fiscal years. You have been assigned the highest positive reserve balance rate. Upon filing the delinquent report(s) within 20 days from the date of this notice, your rate will be determined based on your reserve ratio. You are not eligible to consider a voluntary payment.

"A-C-D" Your rate has been determined by your deficit reserve balance and your delinquent report(s). Provision "A-C" above regarding eligibility for recalculation of your rate applies. You have been assigned the highest deficit reserve balance rate. Upon filing delinquent report(s), you are eligible to consider a voluntary payment.

"B" You have been a subject employer for less than 12 calendar quarters ending as of June 30 immediately preceding the computation date, and your minimum U.I. rate is 2.700%. You are not eligible to consider a voluntary payment.

"B-D" Your rate has been determined by your deficit reserve ratio. You are eligible to consider a voluntary payment. (See B above)

"B-C" Your U.I. rate is 2.700%. You failed to file at least one contribution report during the period since you became a subject employer through the quarter ending June 30 immediately preceding the computation date. **Upon filing the delinquent report(s) within 20 days from the date of this notice**, your rate will be determined based on your reserve ratio and the minimum U.I. rate of 2.700%. (See B above)

"B-C-D" Your rate has been determined by your deficit reserve balance and your delinquent report(s). You have been assigned the highest deficit reserve balance rate. Provisions "B-C" and "B-D"above regarding eligibility for recalculation of your rate and for voluntary payment apply.

"U" You have employed persons in this state for less than 12 consecutive calendar quarters ending as of June 30 immediately preceding the computation date, and you are in the contract construction trade. Your rate is the maximum rate payable on the rate schedule in accordance with KRS 341.272(1).

VOLUNTARY PAYMENT: Voluntary payments may be made every other year. If you did not make a voluntary payment last year and are eligible based on your rating factors listed above, you may make a voluntary payment which may not exceed your deficit reserve balance. **The lowest rate you may achieve with a voluntary payment is 2.400%**. If you wish to reduce your rate to 2.400%, the amount of the voluntary payment required is the amount of your deficit reserve account balance. If you wish to reduce your rate to a rate other than 2.400%, please visit our website at https://Kewes.ky.gov/Contact/UITaxinfo.aspx for instructions or call us at (502) 564-2168 or (502) 564-2272.

If you wish make a voluntary payment, visit our website at https://kewes.ky.gov. Choose "Pay" from the top menu, enter your KEIN and choose "Voluntary Payment" in the drop down menu. Enter your voluntary payment amount. If your voluntary payment does not produce the desired lower rate for which it is submitted, it will be returned or refunded. Voluntary payments received after the 20 day period will also be returned.

EMPLOYERS WHO OWE DELINQUENT TAXES, SURCHARGE, SCUF, INTEREST, OR PENALTIES WILL NOT BE ELIGIBLE TO MAKE A VOLUNTARY PAYMENT UNTIL THOSE DELINQUENT AMOUNTS ARE PAID IN FULL
