The IPS program is faster than traditional SE.

IPS is an evidence-based practice of supported employment for individuals with serious mental illness and/or substance abuse conditions. IPS supported employment assists individuals in obtaining and maintaining competitive integrated employment consistent with their personal preferences. The IPS model adheres to eight (8) primary principles:

1. Competitive Employment
   a. Jobs anyone can apply for, pay at least minimum wage/same pay as coworkers with similar duties, and have no artificial time limits imposed by the social service agency.

2. Systematic Job Development
a. Employment specialists systematically visit employers, who are selected based on the job seeker’s preferences, to learn about their business needs and hiring preferences.

3. Rapid Job Search
   a. IPS programs use a rapid job search approach to help job seekers obtain jobs rather than assessments, training, & counseling. The first face to face contact with the employer occurs within 30 days.

4. Integrated Services
   a. IPS programs are integrated with mental health treatment teams. Employment specialists attach to 1 or 2 mental health treatment teams, which discuss their caseload.

5. Benefits Planning
   a. Employment specialists help people obtain personalized, understandable, and accurate information about their Social Security, Medicaid, and other government entitlements.

6. Zero Exclusion
   a. People are not excluded on the basis of readiness, diagnoses, symptoms, substance use history, psychiatric hospitalizations, homelessness, level of disability, or legal system involvement.

   a. Job supports are individualized and continue for as long as each worker wants and needs the support. Employment Specialist have face to face contact at least monthly.

8. Work Preferences
   a. IPS program services are based on each job seeker’s preferences and choices rather than the employment specialist’s and supervisor’s judgments.

Transportation Services are appropriate for consumers who are receiving authorized VR services from a CRP and need transportation in order to receive said services.

Also, transportation to- and from- a job may be provided. However, this should be in short duration and limited to the first 30 days of employment.

OVR sets the expectation that the CRP will seek to acquire transportation assistance during the beginning stages of service delivery and initial efforts to obtain transportation long after the delivery of services will be viewed as non-compliant and would not meet the standard identified in this section.

Should the CRP determine an exception to these rules, a written request shall be provided to the CRP branch. The CRP branch shall make a final decision.

**Responsibility of OVR**

OVR shall plan for transportation to- and from- the CRP in conjunction with other CRP authorized services. An authorization for transportation services must be furnished to
the CRP prior to beginning services and must only be for travel necessary for the consumer to participate in said authorized services.

**Skills Training**

Some CRPs provide specialized skill(s) training programs. The fee and terms of payment for these courses shall be negotiated with each CRP. For additional information, please contact the CRP branch.

**Pre-Employment Transition Services**

“Pre-Employment Transition Services” (Pre-ETS) means services available to students who are “eligible” or “potentially eligible” during their 9th and 10th grade year unless an exception is approved in advance by OVR. Services will focus on:

- Exposure to local labor market opportunities
- A variety of community settings; and,

The CPR shall:

However, there may be occasions where it is appropriate groups larger than fifteen (15) to participate in a Pre-ETS.

KCTCS must submit the completed form to OVR staff for approval and an authorization. OVR will notify KCTCS with approval and student case number. OVR staff will also inform KCTCS of any students deemed ineligible for services. Once electronic software is implemented, web portal will replace paper documents, but information must be entered into the portal by the same deadlines.
Community Work Transition Program

“Community Work Transition Program” (CWTP) means the vocational rehabilitation program designed to assist OVR “eligible” and “potentially eligible” students who have identified work as a possible desired post-school outcome and have demonstrated a need for assistance to transition from high school to post-school activities, including employment. Students who may be considering work-sheltered facilities earning a sub-minimum wage post high school may also participate in CWTP for experiential work opportunities. The goal of this program and all services provided is community work exploration and competitive, integrated employment.

CWTP utilizes the unique services of a qualified employment specialist (ES) to provide:

1. Pre-ETS for students in their 9th and 10th grade year, in individual and/or group services (i.e., job exploration and counseling, work-based learning experiences, post-secondary counseling, workplace readiness training in the areas of social skills and independent living, and self-advocacy instruction) and,
2. Transition services, individually only (i.e., transition planning, career assessment, job development, job coaching, community job placement, and post-school follow-up services).

CWTP in conjunction with SE

Students participating in CWTP must require specialized training, support, and follow-up that only CWTP can provide (i.e., systematic, individualized community based vocational evaluation, career exploration, job placement, on-the-job training, follow-up services). OVR must document the specific functional limitations that support the need for CWTP. When a student is in CWTP and needs supported employment services to maintain employment after graduation, the following guidelines apply:

1. The SE provider may become involved with the student during the last semester.
2. The Lead Job Developer will continue to be the CWTP staff person.
3. The SE provider may act as a consultant to work with CWTP.
4. The consultation fee may be authorized to cover such activities as planning meetings with the student, OVR, CWTP staff and others; record reviews; consultation regarding VR goal selection and job development; IEP/ITP meetings and other individualized services.
5. The SE provider and the CWTP staff shall work together to plan for a smooth transition for the student.

If a student leaves school with a job

The CWTP shall be eligible to receive the 60-day follow-up fee according to CWTP guidelines. During these 60 days, CWTP staff shall work with the SE provider to ensure a smooth transition to long term supports. The SE provider is not eligible to receive the
$1,000.00 SE Job Development Fee, but will be eligible to receive fees pertaining to the 30, 60, and 90-day outcome milestones.

**If a student leaves school without a job**

The SE provider is eligible to receive the $1,000.00 SE Job Development Fee, followed by the SE Outcome Fee, according to guidelines. Decisions for supplemental information, such as a Person-Centered Employment Plan or Career Profile, may be necessary and will be determined on an individualized basis.

**If a student is still in school**

When planning for SE services for a student still in school, all decisions should be individually determined. Exceptions to the above guidelines should be discussed and approved the SE Branch Manager.

**Responsibility of OVR**

OVR shall communicate to the CRP the reason for the referral and the expected result of services provided by the CRP.

OVR will pay the CRP once a written report, summary, and invoice is received. These rates are as follows:

- Supported Employment Consultation in conjunction with Community Work Transition Programs: $300.00 (Exp. Code: 35N)

**Employment and Retention**

The Employment and Retention (E&R) program is designed for individuals needing assistance to enter the workforce. These individuals:

1. Generally, do not require long-term supports to maintain employment.
2. Have a vocational goal of competitive employment.
3. Need services available from the CRP

For E&R, successful employment means a consumer has been placed in gainful employment consistent with IPE, satisfied with employment, have the expectation that employment will continue without further CRP services and has been working in the job for at least 90 consecutive days. The employment must be consistent with the consumer’s unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

Employment must be in an integrated setting, as defined in the Rehabilitation Act as: “a setting typically found in the community in which applicants or eligible individuals interact with non-disabled individuals other than non-disabled who are providing services to those applicants or eligible individuals, to the same extent that non-disabled individuals in comparable positions interact with other persons”.
