SERVICE FEE MEMORANDUM

Highest In-State Rates for Four Year and Graduate Degree Programs 2024-2025

TO: Office of Vocational Rehabilitation Staff
Client Assistance Program Administrator

FROM: Executive Director
Office of Vocational Rehabilitation

THROUGH: Field Services Division Director
Office of Vocational Rehabilitation

DATE: Effective: August 1, 2024

Introduction

The following information represents the highest in-state rates that the Office of Vocational Rehabilitation (OVR) may pay to private or out-of-state schools. Staff should follow guidance in the [Policy & Procedure Manual](#)

NOTE: The highest state rate is only a factor when requesting a training reconsideration from the district Branch Manager for approval to exceed the agency's established allowable rate training support. This is reflected in the "Support Level for Post-Secondary Training" SFM, which is updated annually.

When requesting a training reconsideration:

- Staff must use the **OVR 19A Training Reconsideration Worksheet** located on the website under [Forms](#).
- Amounts exceeding \$10,000.00 will require approval from the Director of Field Services or their designee.

For Supplemental Security Income/Social Security Disability Insurance recipients, there is no economic needs testing, but **comparable benefits must be considered.** Follow the same training assistance procedure. It is strongly encouraged to negotiate to make the most of available resources to help the greatest number of eligible individuals.

NOTE: Some training costs may include additional fees that may not be evident from financial aid or program websites rather they are found in invoices and tuition estimates. For example, it is important to note that certain programs are offered entirely online and require an additional technology fee to participate in the program. To determine the number of hours considered full time for each training level, it is advisable to check with the respective school or university.

Central Office cannot pre-determine all the fees for the various programs available to students due to their extensive number. If you need an allowable rate for a program that is not listed in this memorandum, you can request it by emailing Central Office at OVRFSM@ky.gov.
