Introduction

Reading the Claimant Guide

This guide provides important information about Unemployment Insurance benefits in Kentucky. When you file your claim, you will be asked to certify that you have received and understand this document. **Please read it carefully.** This guide explains how to file a claim, who is eligible, how to request your benefits, and what to expect. For further information or assistance, please visit our website at KCC.KY.GOV or call 502-564-2900.

What is Unemployment Insurance?

Unemployment Insurance (UI) is temporary financial assistance for people who are unemployed through no fault of their own. Unemployment Insurance, also called unemployment compensation, is a joint program between Kentucky and the U.S. Department of Labor. Each state has its own set of eligibility requirements based on federal law. Your benefit amount is based on how much money you made during a specified period, as reported by your employer. **Workers do not pay into the UI program.** UI benefits come from employer taxes and are never deducted from a worker's paycheck. Employers are notified when you file a claim and are asked to provide information. However, all eligibility decisions are made by the Office of Unemployment Insurance. Eligible individuals may receive between 16 and 24 weeks of UI benefits during one benefit year. The duration of benefits depends upon the State Average Unemployment Rate at the time of filing. Traditional UI benefits are paid every other week. The maximum benefit amount is \$665 per week.

To be eligible for benefits you must:

- (1) Be unemployed or working less than full-time
- (2) Have earned enough money to establish a valid claim
- (3) Be unemployed through no fault of your own
- (4) Be able to work, available for work, and looking for work

Who is eligible?

UI benefits are for individuals who are either totally unemployed or working less than full-time while looking for full-time work. To claim benefits in Kentucky, you must have earned wages in Kentucky during your base period (see [Base Period](#), page 16). If you did not work in Kentucky in the last 18 months, you must apply in a state where you worked. You cannot file a claim in Kentucky if you have a valid claim in another state.

You must be able to work and available for work **each week** to receive benefits. You must also be making a reasonable effort to find new full-time work and provide details about your job search (see [Work Search](#), page 23).

Online Claim Filing and Identity Verification

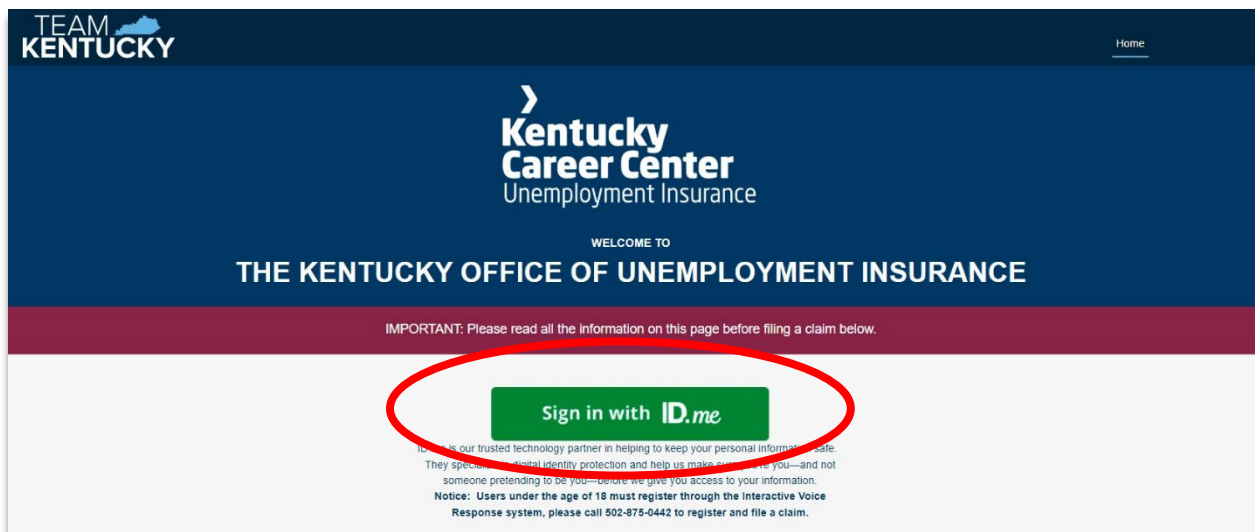

Online claim filing allows you to file your claim quickly from anywhere with internet access. After beginning the claim process, it must be completed before midnight on Saturday. If you do not submit the in-progress claim before midnight on Saturday, you must start over the following week.

To protect Kentucky workers and employers, the Kentucky Office of Unemployment Insurance has partnered with ID.me, a trusted identity verification service. All claimants must verify their identity through ID.me before they can create a Kentucky UI account. To verify your identity with ID.me, you will need your email address, Social Security number, photo ID, and one other form of ID.

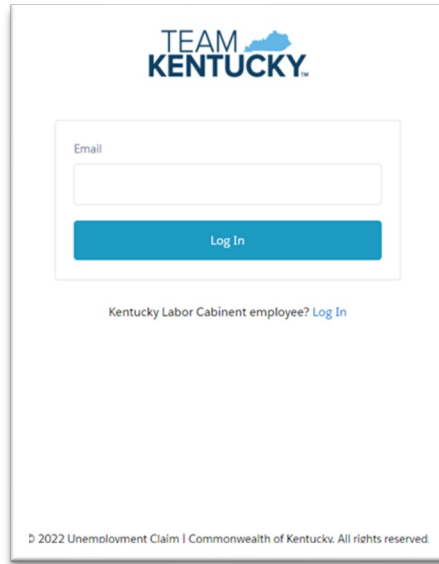

To file a claim, visit [KCC.KY.GOV](https://kcc.ky.gov). Click on "Unemployment Services" and select "File or Access Your Claim" to begin.

You will be directed to the Unemployment Insurance Claims Portal sign in page. Click the "Sign in with ID.me" button.

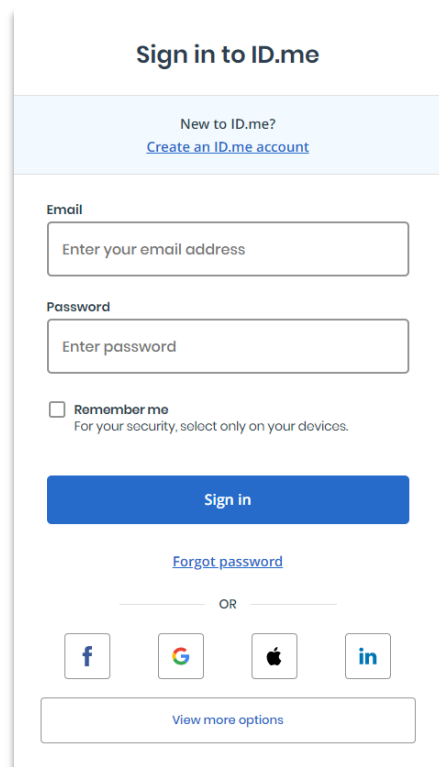

Next, you will be prompted to enter your email address. Enter your email and click “Log In.”

The screenshot shows the TEAM KENTUCKY login interface. At the top is the logo with a blue outline of the state of Kentucky. Below the logo is a form with an "Email" label and a text input field. You may log in to view claim information at any time. However, the claim filing system is only available Monday through Friday, 7:00 a.m.—7:00 p.m., and Sunday from 10:00 a.m.—9:00 p.m., EST. The internet claims system will be down for maintenance periodically. The website will display a message to alert users if maintenance is planned.

After you successfully file a claim, the telephone system will play a confirmation message. **Please note: the confirmation message is not a guarantee of payment.** After you file your claim, the Office of Unemployment Insurance determines if your claim is valid and mails a Monetary Determination to your address on file.

The Unemployment Insurance Process

**Day
1**

You complete the initial application online at kcc.ky.gov or by phone at:

502-875-0442
Monday - Friday
7:30 a.m. - 6:30 p.m., ET

**Day
2**

The Office of Unemployment Insurance will determine if you have a valid claim.

**Day
3-12**

You will receive a letter that states the amount of your payment.

**Day
13**

Request your first benefit payment at kcc.ky.gov.

**Day
15**

If there are no disqualifying factors, we will generate the payment by either direct deposit or a debit card within 2 to 5 days.

Monetary Determination

After your claim is filed, the UI system determines if you earned enough during your base period to establish a valid claim. You will receive a document in the mail called a "Monetary Determination" a few days after you file an initial claim. The Monetary Determination informs you whether your claim is monetarily valid and, if valid, the maximum benefit amount that you may receive per week. **Please note: The Monetary Determination is not a guarantee of payment. It tells you how much you may receive **IF YOU MEET ALL QUALIFICATIONS**.**

Weekly Benefit Amount (WBA)

Weekly Benefit Amount (WBA) means the maximum amount of benefits you are eligible to receive each week that you request UI benefits. The WBA is calculated based on the amount of wages that you earned during your base period. The basic benefit calculation is 1.1923% of your base period wages. The WBA is locked in for the entire benefit year (52 weeks after filing). Effective July 1, 2023 the minimum rate is \$39 per week and the maximum rate is \$665 per week.

In some cases, your weekly benefit payment may be less than your WBA. For example, if you work and report wages, if you choose to have taxes withheld from benefits, or if a portion of your benefits go toward child support payments, your weekly benefit payment will be less than your WBA (See [Deductible Income](#), page 28).

Duration of Benefits

The Kentucky General Assembly made changes to the state’s unemployment insurance program during the 2022 regular session. Beginning January 1, 2023, newly filed initial claims will be given a maximum number of UI benefit weeks. That number of benefit weeks is based on the State Average Unemployment Rate for the prior 6 months.

Claimants who qualify for UI benefits on or after July 1, 2023, will receive a maximum of 16 weeks of benefits.

New unemployment claims will be locked into the maximum number of weeks allowed at the time the claim is established. The maximum number of weeks is based on the average unemployment rate in the state. Your number of available weeks will not increase or decrease once the claim is filed. After the maximum number of weeks have been claimed, no other regular UI benefits will be available for the remainder of the benefit year, unless there is an extension or federal program in place (see [Benefit Extensions Beyond Regular UI](#), page 37). There may be exceptions to the maximum number of benefit weeks if a claimant draws less than the maximum benefit amount each payment period.

Additional information and video resources are available at [KCC.KY.GOV \(2023 UI Changes\)](https://kcc.ky.gov/2023-UI-Changes).

Base Period

What is a Base Period?

The **Base Period** is a one-year period made up of four (4) calendar quarters. In Kentucky, the base period is the first four (4) of the last five (5) completed calendar quarters. The wages you earned during the base period will determine if your claim is valid and your weekly benefit amount (WBA). To be considered part of your base period, wages must have been earned in covered employment. **“Covered employment” does not include contract work, some types of self-employment, National Guard work, or work performed for religious institutions.**

The **Effective Date** of your claim is the first Sunday of the week in which you completed your initial claim application. For example, if you file a claim with an Effective Date any time between January 1, 2023, and April 1, 2023, your Base Period will begin on October 3, 2021 and end October 1, 2022.

If You File Your Claim Between January 1, 2023 and April 1, 2023					
<div style="display: flex; justify-content: space-between; align-items: center;"> ← Your Base Period → Effective Date ↓ </div>					
2021	2022	2022	2022	2022	2023
October November December	January February March	April May June	July August September	October November December	January February March
Quarter 1	Quarter 2	Quarter 3	Quarter 4	Not Used	Not Used

*Quarters change in the first full week of the first month of the quarter.

To have a valid claim, the wages you earned during your base period must meet the following requirements:

- 1) You must have wages of at least \$1,500 in at least one quarter;
- 2) Wages during the base period must be at least 1.5 times the wages in your highest quarter;
- 3) Total wages outside of the highest quarter must be at least \$1,500; and
- 4) Wages in the last two quarters must be at least eight times your weekly benefit rate.

Monetary Reconsideration

If you do not meet all four requirements listed above, you will receive a Monetary Determination stating that your claim is not valid. If you believe that the determination is incorrect or that you have wages that were not considered, you may request a **reconsideration**. To request a monetary reconsideration, you must provide proof of any wages not previously considered. Such proof may include check stubs, W-2s, or a statement from your employer. The Monetary Determination (received by mail) contains instructions for requesting a reconsideration and providing proof of wages. The Office of Unemployment

Insurance will review your request and make any required adjustments. **Continue to request benefit payments while waiting for reconsideration.**

Wages in Other States (Combined Wage Claims)

Workers can file a claim in Kentucky if any base period wages were earned in Kentucky. If you worked in another state in addition to Kentucky, you may be eligible for a Combined Wage Claim. That means your wages from other state(s) can be combined with your Kentucky wages to establish a valid claim.

Filing a Combined Wage Claim is simple. When filing the initial claim, you will be prompted to select all states where you worked during the base period. You will receive a notice of your combined wage claim options in Kentucky AND in other state(s) where you worked. Then you will choose the state where you want to pursue your claim.

State and Federal Claims

If You Live Outside of Kentucky (Interstate Claims)

Claimants who live in another state may file for UI benefits if they have wages in Kentucky. If you live outside Kentucky, you must register for employment services with the state workforce agency in the state where you live. Proof of your registration must be submitted to the Kentucky Office of Unemployment Insurance within ten days of filing your claim.

Submit proof of registration by email to UInterstate@ky.gov, by fax at 502-564-5412, or through the "Document Upload" feature at KEWES.KY.GOV (for [Document Upload Instructions](#), see page 37).

If you are a member of a Trade Union that finds work for its members, or if you have a definite return to work date within twelve weeks of the day you file the claim, you are not required to submit proof of registration.

Military Claims

Base Period wages earned from service in the Federal Armed Forces may be used to establish a Kentucky UI claim. When filing the claim, you will be asked if you worked for the military in the last 18 months. If you worked for the military in the last 18 months, you will be asked to provide the Certificate of Discharge (DD Form 214) and Member 4. The Kentucky Office of Unemployment Insurance will contact your branch of service to request information about your wages. In addition to regular eligibility requirements, you must have been discharged from military service under honorable conditions after completing your first full term of active service. You may be eligible for benefits if you were separated prior to the completion of your first term of service, but only if the reason for early separation is approved by the U.S. Department of Defense.

Determinations of eligibility based on military service cannot be appealed to the Kentucky Office of Unemployment Insurance. If you believe that the determination is incorrect, you must contact your branch of service to request reconsideration. Notify the Kentucky Office of Unemployment Insurance if the request is approved.

Federal Civilian Claims

You may use wages earned during the Base Period from work for the federal government in a civilian or non-military position to establish a Kentucky UI claim. When filing your claim, you will be asked if you worked for the federal government in the last 18 months. If you worked for the federal government in the last 18 months, you must provide a copy of your Standard Form 50 (SF-50) "Notification of Personnel Action" and Standard Form 8 (SF-8) "Unemployment Compensation Form." You should have received these forms from your federal civilian employer. If you do not have these forms, contact the federal agency where you were employed. The Kentucky Office of Unemployment Insurance will contact the federal government to request information about your wages. You will receive a Monetary Determination by mail once the Kentucky Office of Unemployment Insurance receives your federal wage and separation information.

Requesting Your Benefits

Bi-Weekly Benefit Request

After you file your initial UI claim, you are responsible for requesting UI benefit payments. **Benefit payments are not automatic.** If you do not request your benefits on time, your payment will be delayed or denied. When making a bi-weekly benefit request, you must answer questions about your ability to work, your availability, any income that you received, and whether your job status has changed. You must answer these questions truthfully.

When to Request Benefits

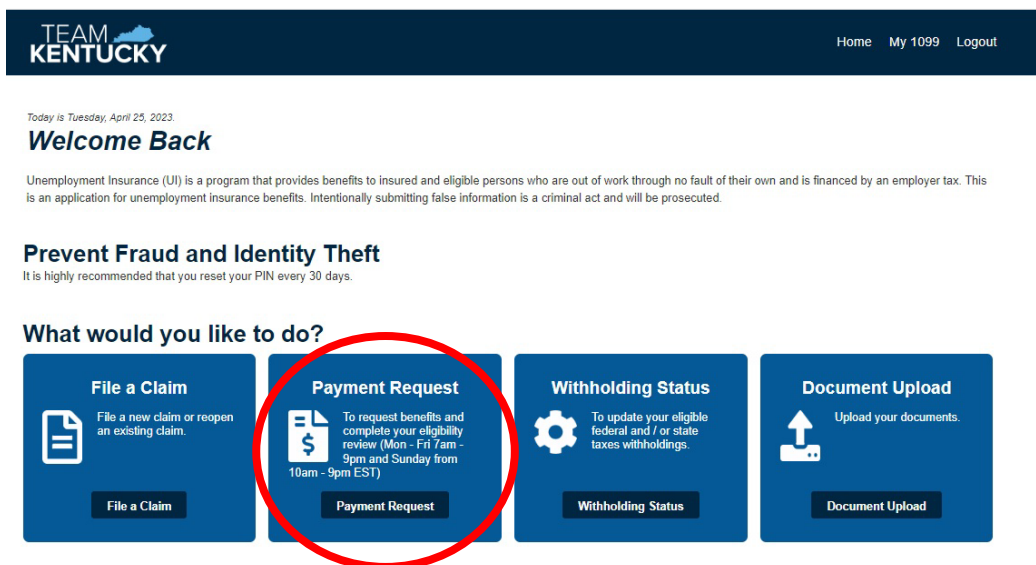

Traditional UI claims require you to **request benefits every two weeks.** You will request your first benefit payment thirteen (13) days after the day you filed your initial claim. Kentucky UI weeks run from Sunday to Saturday. When requesting benefits, you will be prompted to claim two weeks at a time. You will answer questions about Week 1 and then Week 2. If eligible, payment is typically received 2–3 days after requesting benefits.

If your employers filed on your behalf (“E-Claims”) you will request benefits weekly rather than bi-weekly (see [Employers Who Have Filed Mass Claims \(E-Claims\)](#) page 33).

Benefits for the previous two-week period can be requested Sunday through Friday. The system is available Sundays 10:00AM–9:00PM and weekdays 7:00AM–7:00PM Eastern Time.

How to Request Benefits

Sign in to the Unemployment Insurance Claims Portal with ID.me. Click “Payment Request” to begin benefit payment request. Follow onscreen instructions and all questions completely and truthfully.

When your request has been successfully submitted, you will be directed to a Confirmation screen. Confirmation that your request has been submitted is not a guarantee of payment.

Claiming Benefits by Phone

Only claimants who are exempt from the Work Search requirements (those with a definite recall date within 16 weeks of the initial claim filing, those who are in an Approved Training Program, E-Claims, or members of a union hiring hall that seeks work on their behalf) may request benefits by phone in addition to requesting benefits online.

To request benefits by phone, dial 1-877-3MY-KYUI or 1-877-369-5984. You will be prompted to enter your identification information and PIN. You must answer a series of questions regarding the previous weeks. Answer all questions. Wait for confirmation that your request is accepted before ending the call. If you hang up before your request is accepted, your benefits will not be processed. You may call Sundays 10:00AM–9:00PM and weekdays 7:00AM–7:00PM.

Do not attempt to call the phone system multiple times to claim your weeks or check the status (unless there was a system error, and you were directed to call back later). Calling or attempting to request your benefits multiple times will not result in faster payment and may delay benefits.

Payment Options

The Kentucky Office of Unemployment Insurance offers two safe and convenient payment method options. **You may choose to receive payment through Direct Deposit into your bank account or through a UI debit card.** You may change your preferred payment method by accessing your online claim and selecting "Payment Method." If you do not change the payment method to Direct Deposit, the default method of payment will be UI debit card (to [Change Payment Method](#), see page 36).

Direct Deposit

To receive payment through Direct Deposit, you must have access to a checking or saving account. To set up Direct Deposit, you must provide an Account Holder Name, Bank Name, Routing Number, Account Number, and Account Type (savings/checking). **The Account Holder Name must be the same as the name on your claim.** It is important that you provide the correct banking information. After three unsuccessful attempts to set up Direct Deposit, you must select a different payment option.

Kentucky UI staff can confirm whether you have enrolled in Direct Deposit. Staff do not have access to view or edit your Routing or Account Number.

UI Debit Card

If you select the "Debit Card" payment method, a US Bank ReliaCard will be mailed to you with activation instructions and user information. **Claimants who choose UI debit card as their payment method will receive their first payment as a paper check;** future payments will be issued to the UI debit card. The US Bank ReliaCard can be used to make purchases, get cash, and pay bills anywhere that Visa® is accepted. Funds are protected if your card is lost or

stolen. UI benefits are added to the debit card only after your bi-weekly benefit request and only if you meet all UI qualifications. In other words, your Debit Card will be mailed immediately but money will not be loaded to the card until you are eligible and have requested benefits. Visit www.usbankreliacard.com for more information about the ReliaCard program or to request a replacement card.

If You Miss a Request (Backdating)

It is important to request benefit payments on time. **The Kentucky Office of Unemployment Insurance cannot guarantee the payment of benefits that were not requested in a timely manner.** If you do not request benefits on time, you may request backdating of payment by contacting the UI office at 502-564-2900 or at your nearest local office. The Office of Unemployment Insurance will send you an electronic form to request a backdated payment. You must complete and return this form to request a backdated payment. Payment of these weeks is not guaranteed. Benefits for the missing week(s) will only be paid if you are eligible for the weeks requested and only if you can provide good cause for not requesting benefits on time. For help, see our Guide to Pay Order Forms [video tutorial](#).

Weekly Eligibility Requirements

Eligibility

Unemployment Insurance eligibility is determined on a week-to-week basis. You must meet all requirements for each week that you request benefit payments in order to receive benefits. You must answer questions regarding your eligibility when you make your bi-weekly benefit request. You must certify that all information is honest and accurate to the best of your knowledge. Eligibility questions cover topics like your ability to work, availability for work, income and earnings, and your job search activities. Providing false, misleading, or incomplete responses in order to receive benefits is a crime and will be prosecuted.

Waiting Week

In Kentucky, all initial claims must serve a "Waiting Week." This means that benefits are not paid for the first week that you are eligible. You must claim benefits in order for the week to count as your waiting week. You must serve only one waiting week per claim. The waiting week does not count as one of your 12–24 benefit weeks.

Ability Requirements

You must be physically and mentally able to work when you file your claim. You must also be able to work during each week that you request benefits. If you are not able to work, you will be ineligible to receive UI benefits until you are able to work.

Examples:

- You have a medical condition that prevents you from accepting work
- You are under the care of a physician who has not released you for work
- You are seeking Social Security Disability and have certified that you cannot work

Availability Requirements

You must be available and actively seeking full-time work each week you request benefits. This means that you must look for work within your abilities and accept suitable employment if it is offered. If you are not available for work, you will be ineligible to receive UI benefits until you become available.

Examples:

- You do not have adequate transportation to get to work or seek work
- You do not have adequate childcare or dependent care while you work
- You are on vacation or traveling and cannot accept work
- You are not legally able to work in the United States
- You have limited your hours of availability or the locations where you will accept work
- You are enrolled in a school/training program that prevents you from working full-time

Seeking Work

You must make a reasonable effort to find full-time work each week you request benefits. This means you must complete all required work search activities (see below) unless you meet the criteria for work search exceptions.

Work Search Requirements (2023 Updates)

Work Search Activities

To be eligible for Unemployment Insurance benefits, you must actively seek full-time work. The Kentucky General Assembly made changes to the state’s unemployment insurance program during the 2022 regular session. These changes included updates of work search requirements for Unemployment Insurance claimants. Prior to January 1, 2023, claimants had to make one job contact per week. As of January 1, 2023, claimants must report at least **five (5) work search activities** each week. At least three (3) of these must be **job applications or interviews**.

If you do not meet the work search requirements, you will lose benefits for the week(s) being claimed.

Work Search Activities	
At least 3 per week must come from this category (out of 5 total):	Remaining activities (out of 5 total):
<ul style="list-style-type: none">• Formal Job Application (in person or online)• Job Interview (in person or online)	<ul style="list-style-type: none">• Job Shadowing• Job Fair or Networking Event- (hosted by a state/local government or business organization)• Participating in a Kentucky Career Center program (or partner programs) training related employment or job search

Work Search Exceptions

Only claimants with a Work Search Exception are exempt from seeking work. You are not required to conduct a job search if:

- You are a member of a trade union that finds work for you
- You are a student in an approved training program (and have received a determination)
- You have a definite recall date within 16 weeks of your initial claim filing date
- You are on temporary leave of absence while still considered an employee
- Your employer filed a mass electronic claim (E-Claim) on your behalf

To verify that you meet these criteria, you will be instructed to provide documentation when you file the claim. **If you do not provide documentation, you will be subject to work search requirements.**

Claimants in an Approved Training Program, and who are making satisfactory progress in that program, may receive up to 5 additional weeks of benefits (maximum 24 weeks). See the [eligible trainer provider list](#) for more information on available training programs.

Verification and Documentation

Keep records of all your work search activities. You must provide detailed information about your work search for each bi-weekly benefit request. Work search activities may be verified or randomly audited for up to one (1) year after your claim expires.

Offers of Suitable Work

Claimants for Unemployment Insurance benefits must accept offers of suitable work. If a suitable job is offered to you and you do not accept it, you will be disqualified from receiving benefits. When claiming your bi-weekly benefits, you will be asked if you refused an offer of work during the week you are claiming. Employers also have the opportunity to provide information about offers of work and refusals. If you refuse an offer of work, the Office of Unemployment Insurance will determine if the job was suitable and if you had good cause to refuse.

Effective January 1, 2023, you must accept an offer of work if:

- You have received at least six (6) weeks of benefits during your present period of unemployment;
- The job pays at least 120% of your Weekly Benefit Amount;
- The job is located within 30 miles of your home or is a permanent remote job; and
- You are qualified to do the job, even if you have no related experience or training.

Example: If your Weekly Benefit Amount is \$300, after six (6) weeks you will be required to take any job that is within 30 miles that pays at least \$360 per week.

Job Separation Requirements

Unemployed Through No Fault of your Own

To receive Unemployment Insurance benefits, **a worker must be unemployed through no fault of their own**. If you quit or were discharged from work, the Kentucky Office of Unemployment Insurance will determine if you are qualified to receive benefits. If your most recent period of employment lasted fewer than ten weeks, you must also be found qualified on your next most recent separation in order to receive benefits.

Employment Information

When you file your claim, you must provide information about your job(s) and the reason(s) for separation for all jobs you held during the last 18 months. **All periods of employment, no matter how brief, must be reported**. You may not choose which employers are included on the claim or which employer is charged for the UI claim. "Most Recent Employer" is the employer you worked for most recently. "Next Most Recent Employer" is the employer you worked for immediately prior to the Most Recent Employer.

For the purposes of Kentucky Unemployment Insurance, "discharged" means fired, terminated, asked to resign, dismissed, let go, etc. A "discharge" is **not** the same as a lay-off due to a lack of work.

Temporary Agencies

If you performed work through a Temporary Agency, provide information about that agency or the company who is listed on your paycheck. **The client location is not considered to be your employer**. Additionally, each job assignment is considered a new and separate period of employment. Failing to report separate periods of employment or failure to provide the correct employer name/address may delay your benefits.

Employer Notification

Your employer(s) will be notified of your claim for UI benefits and the reason(s) you provided for the job separation. The employer will have an opportunity to respond to the Office of Unemployment Insurance with details of the job separation. If more information is needed to determine if you are qualified, UI staff will conduct a fact-finding interview.

Common reasons that you may **Not Be Qualified** based on job separation:

- You were discharged for misconduct or dishonesty;
- You were suspended for misconduct or dishonesty;
- You abandoned your job;
- You quit the job for personal reasons;
- You quit your job without good cause or did not pursue alternatives before quitting;
- You failed to maintain contact with the employer during a period of leave;
- You did not provide correct information and did not amend when requested; or
- A strike is in active progress at the location where you work.

Notice of Determination

All separation investigations result in a written Notice of Determination. The Notice of Determination document is mailed to both the claimant and the employer. It includes information about whether the claimant is qualified to receive benefits and the reason for the determination.

You should continue to request bi-weekly benefit payments while their claim is under review or in the fact-finding phase. If qualified, UI benefits will only be paid for weeks that have been requested. If not qualified, you will be notified through a written determination and given the opportunity to file an appeal. Appeal rights for both the claimant and the employer are found on the last page of all Notice of Determination documents (see [Appeal Rights](#), page 31).

Additional Job Separations

During each bi-weekly benefit request, you will be asked whether you have quit or been fired from a job during that week. If you experience a new job separation after filing the initial claim, you will be prompted by the UI system to open an additional claim and provide the details of the new job separation. UI staff will review the separation and issue a Notice of Determination. Continue to request benefits while the new job separation is under review or in the fact-finding phase.

Deductible Income

Earnings/Income

You may work less than full-time while receiving Unemployment Insurance benefits. When requesting benefit payments, you must report all earnings, wages, and income to the Office of Unemployment Insurance. **Failure to report wages is considered fraud.** You must report all gross wages earned during a week of unemployment at the time that you request benefit payment. You must report gross wages, or the total earnings before deductions. **Wages must be reported in the week they were EARNED not the week they were RECEIVED.** Income received from all work, including self-employment or odd jobs, must be reported. Child support payments may also be deducted from UI benefits.

The amount of your weekly benefit payment may be less than expected. This may be due to wages earned during a week of unemployment. Eighty percent (80%) of gross wages that you earn during a week of unemployment will be deducted from your Weekly Benefit Amount (WBA). For example, if your WBA is \$400 and you earn \$100, you must report earnings of \$100. Eighty percent of the \$100 earnings equals \$80. Therefore, \$80 will be subtracted from the \$400 WBA and a check will be issued for \$320.

Tax Withholdings

If you choose to deduct taxes from your benefits, your benefit payments will be less than your WBA. UI benefits are taxable income and must be reported on your income tax return. You may choose to have federal and/or state withholdings deducted from your WBA when you complete your initial claim filing. Tax withholding is optional and may be changed once per benefit year. If you choose to have taxes withheld, 10% of your benefits will be deducted for federal taxes and/or 4% will be deducted for state taxes. For information regarding [KY Unemployment Insurance Tax Form 1099-G](#), see page 37.

Separation Pay and Vacation Pay

When you file your claim, you must report any payment that you received at the time of a job separation (other than last paycheck, vacation balance, or sick leave). The Office of Unemployment Insurance will determine if the pay is deductible. If the separation pay is deductible, you will receive a Notice of Determination stating the number of weeks that the pay is deductible from UI benefits. Wages paid in lieu of notice of job separation will be deductible at 100% for up to four weeks. **Severance pay is not deductible from benefits. Vacation pay received after a job separation is not deductible.**

Pension and Retirement

During your initial claim filing, you will be asked if you are receiving a retirement pension. If yes, you must provide the details of the retirement pension. The pension is deductible from your WBA only if the employer was the sole contributor and if you worked for that employer during your Base Period (unless the services performed for that employer during the base period did not affect your eligibility for pension or did not increase the amount of the pension). If the pension is deductible, you will receive a determination with the amount of pension that will be deducted automatically from your WBA. **If you start receiving a retirement pension at any point during the claim, you must report it.** You may report new retirement pension income during your bi-weekly benefit request, by contacting the Kentucky Office of Unemployment Insurance at 502-564-2900, or by contacting your local office.

Fraud and Misrepresentation

All information you provide while claiming or requesting Unemployment Insurance benefits must be personally entered by you and must be truthful. Knowingly providing false information or failing to provide information in order to obtain benefits is considered fraud. Falsification of information is punishable by fines and/or imprisonment under KRS 341.990.

False statements, misrepresentation, or unreported earnings may result in disqualification (for up to fifty-two weeks), felony charges, fines, and imprisonment. Any benefits fraudulently received must be repaid to the Office of Unemployment Insurance. Interest accrues on overpayments connected to fraud and a lien may be filed against your Social Security Number. Additional lien filing processing fees may also be assessed.

KRS 341.415 Section 5: "In the event benefits have been paid as a result of a false statement, misrepresentation, or concealment of material information by a recipient of benefits and have not been repaid by the recipient within one (1) calendar year from the date of the first notice, interest at the rate of one and five-tenths percent (1.5%) per month or any part thereof, shall be imposed on and added to the unpaid balance each successive month." Section 6, "A recipient of benefits paid as a result of a false statement, misrepresentation, or concealment of material information by the recipient shall be assessed a fifteen percent (15%) penalty of the amount of improperly paid benefits."

For information on [Reporting UI Fraud](#) or [Identity Theft Issues](#), see page 38.

Overpayments

An overpayment occurs when a claimant is paid benefits during a period that they were not eligible. If the Office of Unemployment Insurance determines that you have been overpaid, you must repay those benefits.

Per KRS 341.415, income tax refunds may be intercepted to satisfy your repayment obligation. Non-fraud overpayments may be deducted (at a rate of 25% of the weekly benefit rate) from future benefits, or you may arrange to repay the amount in full or through a payment plan. Overpayments resulting from office error are recovered by deducting 25% of the weekly benefit rate from future benefits (if additional benefits are claimed).

Overpayments due to fraud or misrepresentation receive a 15% penalty in addition to the amount of overpaid benefits. Interest at the rate of 1.5% per month is added to the unpaid balance of a fraud overpayment, beginning one year from the date of the determination. For more information regarding [Fraud and Misrepresentation](#), see above.

Make checks or money payable to the **Kentucky UI Trust Fund**. You can also make a secure payment online at KCC.KY.GOV by clicking on "Unemployment Services" and selecting "Make a Payment." For payment arrangements, contact the Benefits Payment Control Office at 502-564-2387 or UIoverpayments@ky.gov.

Appeal Rights

Appeals to the Unemployment Insurance Appeals Branch

When a claimant is disqualified or found ineligible for benefits, a Notice of Determination is issued by mail. Appeal rights are found on the last page of each Notice of Determination document. **Any party who disagrees with a determination, including the employer, may file an appeal to UI Appeals Branch in writing within 30 days of the mail date of the Notice of Determination.**

The date of the appeal is determined by the USPS postmark. Private postage meters are not used to determine the postmark date; if an appeal is postmarked with a private postage meter, the date of the appeal is the date that the appeal is received by the Office. If the due date of the appeal falls on a day that the office or post office is closed, the next business day will be considered the due date.

Each appeal must include the claimant's name, last four digits of the Social Security Number, and contact information.

Appeals can be sent by email to UIappeals@ky.gov, by fax to 502-564-7850, or by mail to UI Appeals Branch, 500 Mero Street, 4th Floor, Frankfort, KY 40601. An acknowledgement of receipt of the appeal will be mailed to interested parties along with additional information.

You should continue to claim benefits while your claim is under appeal. If the Referee Decision is in your favor, benefits may be paid only for the weeks that you have properly claimed.

Any party who fails to attend a scheduled appeal hearing may request a rehearing within seven (7) days of the hearing date. A rehearing will be granted if the party can show good cause for failing to appeal at the scheduled hearing (787 KAR 1:110 4 (5)).

Appeals to the Unemployment Insurance Commission

If you file an appeal to the UI Appeals Branch, the Branch will provide a written UI Appeal Referee Decision. Referee Decisions are issued by mail. Further appeal rights are included on the Referee Decision. **Any party who disagrees with the Referee Decision, including the employer, may file an appeal to the UI Commission with 30 days of the mail date of the Decision.** Private postage meters are not used to determine the appeal date; if an appeal is postmarked with a private postage meter, the date of the appeal is the date that the appeal is received by the Office. If the due date of the appeal falls on a day that the office or post office is closed, the next business day will be considered the due date.

Appeals to the UI Commission must be in writing and include the claimant's name, last four digits of the Social Security Number, and contact information.

Appeals of a Referee Decision can be sent by email to UIcommission@ky.gov, by Fax to 502-564-3562, or by mail to the UI Commission, 500 Mero Street, 4th Floor, Frankfort, KY 40601.

Continue to claim benefits while your claim is under appeal. If the Commission decides in your favor, benefits may be paid only for the weeks that you have properly claimed.

The Commission usually decides appeals without a new hearing. It relies on evidence taken at the Referee Hearing. The Commission will not consider any evidence not introduced at the Referee Hearing. The Commission has the option to hold an additional hearing but is not required to do so.

Appeals to Circuit Court

An Order issued by the UI Commission may be appealed to the Circuit Court of the county in which the claimant was last employed.

If your benefits are denied by UI Commission order and you appeal the decision, **continue to claim benefits while your claim is under review by the Circuit Court.** If the court rules in your favor, benefits may be paid only for the weeks that you have properly claimed. Below are the appeal rights for Circuit Court appeals:

Appeal Rights

An Order of the Kentucky Unemployment Insurance Commission may, **within twenty (20) days** of the mailing date of the Order, be appealed, to the appropriate Circuit Court, under the provisions of KRS 341.440(3), which provides, **“In the absence of an appeal therefrom, the decisions of the commission shall become final thirty-five (35) days after the date they are made.”**

Except as provided in KRS 341.460, **within twenty (20) days after the date of the decision of the Commission,** any party aggrieved thereby may, after exhausting his remedies before the Commission, secure judicial review thereof by filing a complaint against the Commission in the Circuit Court of the county in which the claimant was last employed by a subject employer whose reserve account is affected by such claims. Any other party to the proceeding before the Commission shall be made a defendant in such action. The complaint shall state fully the grounds upon which review is sought, assign all errors relied on, and shall be verified by the plaintiff or his attorney. The plaintiff shall furnish copies thereof for each defendant to the Commission, which shall deliver one (1) copy to each defendant. *See* KRS 341.450.

If benefits are denied by this Order, and further appeal to Circuit Court is initiated, claimants should continue to report to the local office and claim benefits. (rev/21)

Additional Information

Keep Your Information Updated

Keep your address, email, and phone number updated in case the Office of Unemployment Insurance needs to contact you. The United States Postal Service (USPS) does not forward mail from state offices, even if you have provided a forwarding address. Log into your claim at KCC.KY.GOV to update your address, email, and phone number. It is recommended that you set up voicemail on your phone so that our office can leave if a message. Emails from state offices may be delivered to your "spam" or "junk" folder. Check these folders to ensure that you receive all emails sent by the Office of Unemployment Insurance.

Cancelling or Ending a Claim

There is no provision in Kentucky for cancelling an Unemployment Insurance claim after it is filed. The only exception is for claimants who also qualify for a claim in another state and wish to pursue benefits in the other state prior to receiving benefits from Kentucky.

If you no longer wish to pursue the claim, simply stop making your bi-weekly benefit requests.

If you find new employment or return to previous full-time employment, report that you have returned to work at the time you claim your bi-weekly benefits. You may request benefits for weeks in which you are unemployed. However, once you begin full-time employment you are no longer eligible for benefits. **You may not continue to request benefits while working full-time but waiting for your first paycheck.**

Quality and Wage Audits

Your claim may be randomly selected for a quality control and benefit audit. If your claim is selected for audit, the Office of Unemployment Insurance will notify you by mail and request additional information to review your claim for accuracy. Respond immediately to the request for information to avoid the possibility of overpayment or delay of future benefits. Employer "New Hire" records may be cross-referenced with UI records to ensure that claimants have not received UI benefits after returning to full-time work. If you do not respond promptly to the mailed request for information, the agency will attempt to contact you by other means.

Employers Who Have Filed Mass Claims (E-Claims)

If you have been temporarily laid-off from your job and your employer has submitted a mass Unemployment Insurance claim (E-Claim) on your behalf, you will receive a letter in the mail explaining your benefits and how to request payment. You must request your **weekly** benefit payment between Sunday and Wednesday of each week you are laid-off. Claimants who are part of mass E-claims are not required to perform a work search or seek new employment.

Work Share Program

Kentucky has a new Work Share Program that provides employers with an alternative to layoffs. The Kentucky Office of Unemployment Insurance developed this voluntary program in accordance with the provisions of the Unemployment Insurance Sustainability Act of 2022. The purpose of this program is to help employers and employees withstand business slowdowns that would normally lead to layoffs.

The employer applies to the program on behalf of employees. If the employer's application for the Work Share Program is approved, qualified employees will receive both wages and unemployment benefits. Approval is good for a twelve-month period. The Work Share Program does not replace the E-Claim option for employers.

For additional information, visit [KCC.KY.GOV](https://kcc.ky.gov) or contact our office at uieclaims@ky.gov.

The Work Share Program allows employers to:

- Supplement employee wages lost as the result of reduced work hours with partial unemployment benefits.
- Reduce normal weekly work hours for employees in affected unit of a business by at least 10 percent but not more than 40 percent.

Benefit Extensions Beyond Regular UI

Regular UI claims contain between 12 and 24 weeks of benefits to be paid within one (1) year of filing. Extensions or additional benefit programs (such as EB, EUC, PUA, etc.) are separate from regular UI benefits. Extension programs are occasionally enacted by federal/state government, with the approval of the General Assembly, during periods of economic downturns. **Benefit extensions are in no way guaranteed or implied and are subject to change.** If extended benefits become available while you are unemployed or otherwise eligible, you will be notified through the Kentucky Office of Unemployment Insurance website and/or mail.

KY Unemployment Insurance Tax Form 1099-G and Payment History

Unemployment Insurance benefits, and benefits paid under all program types, are taxable and must be reported on your income tax return.
